Vol. II No. 1

Dear Customer:

Due to unprecedeted demand from discriminating collectors, Steve Ivy Rare Coins proudly offers you an extensive selection of ANACS certified coins.

More and more collectors are purchasing ANACS certified coins because they recognize the ANACS as being the most important impartial grading service available in numismatics.

In addition to the wide selection of ANACS certified coins, we also offer you our usual array of equally high quality coins that do not carry ANACS papers. You may notice that some of the ANACS certified coins are more expensive than coins of the same grade that do not carry ANACS certification. The reason for this is the substantial amount of time required for ANACS certification and the additional costs incurred.

We invite you to review the listings on the following pages and to discover for yourself the wide selection of top quality rare coins offered at reasonable prices. Make your selections and call one of our friendly, professional numismatists now. These coins are highly demanded and won't be in our inventory very much longer!

Sincerely,

Michael W. Sherman

# Special ANACS Section

All coins in this section are accompanied by ANACS certificates with grades as indicated in this listing.

## LARGE CENTS

1853 MS (65/65) Full, bright mint luster enhances this lovely example of an original, unspotted Large Cent. Just a hint of pale, reddish color. An excellent type coin representative. . . . . 2,750.00  
1855 MS (65/65) Rich, golden mint bloom accents this very well struck specimen. This coin is the "Upright 5's" variety and would make a handsome addition to your collection. . . . . 2,750.00

## INDIAN CENTS

1859 MS (65/65) First year of issue, and due to the reverse design without the shield, a one year type. Fully lustrous and very sharply struck, two desirable and unusual attributes for this year cents. . . . . 1,850.00  
1864 Proof (65/65) Bronze. Absolutely original and unspotted, highly unusual for proof Indian Cents. The obverse has toned to a pale green, the reverse a bit darker ochre color. Exceedingly scarce as only 150 were struck in late 1864. This has to be in the top 10% as far as quality of the remaining collectible pieces. . . . . 1,750.00  
1902 Proof (65/65) Bright, fiery luster with the appearance that it was struck within the past few years, not 80 years ago! An outstanding specimen. . . . . 950.00  
1909 Proof (67/67) An absolutely peerless example of this last year of the series. Virtually untoned, with full, blazing original mint luster. A rare opportunity for the perfectionist. . . . . 1,250.00

## LINCOLN CENTS

1909-S MS (65/65) VDB As bright and lustrous as if it had just been picked from an original roll. This is one contemporary coin which has for many years been tagged as the key to the Lincoln Cent collection. Most of the 484,000 struck saw circulation and very few were held back. Don't wait too long to order this one, or you will miss an opportunity for an "ANACS Certified" '09-S-VDB. . . . . 1,750.00  
1911 Proof (65/65) It is highly unusual to find a matte proof cent which has not toned down quite darkly, but this is an example. Bright reddish color with some sea green present as a contrast. This piece has lots of eye appeal. . . . . 1,250.00  
1911 Proof (65/65) A matte proof specimen with the typical "sandblast" finish. This piece has toned to a deep seagreen and blue, very complimentary for a copper coin. High, sharp wire edge. . . . . 1,250.00  
1915 Proof (65/65) Richly toned to a chestnut color. No carbon spots or visible imperfections. A better proof date too. . . . . 1,350.00

## TWO CENT PIECES

1864 MS (65/65) Small Motto variety. The outstanding defect free surfaces are complimented with deep golden luster. Common date Two Cent Pieces are quite difficult to locate, but a small motto variety this nice speaks for itself. . . . . 2,450.00

## THREE CENT PIECES (NICKEL)

1875 MS (65/65) Original mint brilliance and sharply struck with full linear separation in the Roman Numerals on the reverse. . . . . 1,250.00  
1878 Proof (65/65) Scarce as a "Proof Only" issue. Just 2,350 pieces were struck and many of these have been impaired or harshly cleaned. This bright, untoned piece is certainly exceptional. . . . . 1,650.00  
1880 Proof (65/65) Bright and untoned. Absolutely no distracting spots or hairlines as is normally so prevalent on Three Cent Nickel Pieces. . . . . 1,450.00  
1881 Proof (65/67) Another white, brilliant example of this curious series. Hairline-free surfaces add to the appeal. . . . . 1,550.00  
1882 Proof (65/65) Just a hint of pale golden patina on both the obverse and reverse. Only 3,100 proofs were coined. . . . . 1,450.00  
1882 Proof (65/67) Superb mint frost accents the devices while the fields are mirror-like. This coin has been carefully preserved for its 100 years of existence and is destined for the finest collection. . . . . 1,550.00  
1883 Proof (67/67) Perfection in a Three Cent Piece! This statement is not only the cataloger's, but is accompanied by the coveted ANACS Certificate stating its authenticity and grade as a Proof 67-67. Need we say more about this pristine piece? . . . . . 1,750.00  
1885 Proof (65/65) A scarcer date in the series. Original brilliance with a bit of golden patina on the obverse and reverse. . . . . 1,450.00

## THREE CENT PIECES (SILVER)

1861 MS (65/65) Strike is an important consideration in the Three Cent Silver series, as many come poorly struck due to their tiny size. This piece exhibits virtual full strike characteristics; stars on reverse, shield on obverse, and lettering. Also, the full mint luster is enhanced by iridescent blue and golden peripheral toning. A very pretty coin. . . . . 2,850.00  
1861 Proof (65/65) Only 1,000 proofs were struck. The reflective mirror surfaces are interestingly toned in hues of deep magenta, steel blue and green. A perfect representative for a "type" trime. . . . . 3,250.00

## THREE CENT PIECES (SILVER)

1862/1 MS (65/65) Overdates are always interesting examples of coinage. When the mint tries to cut corners, either for budget or time, the end result is a coin that is readily in demand because it has two (or more) discernible dates on it. This entirely original specimen is well struck with greenish, golden peripheral toning as well as the remnants of a 1 under the 2 of the date. This is one of the best we have seen. . . . . 2,850.00  
1863 Proof (65/65) Superb bright golden and deep violet toning make this rare proof issue (460 were struck) even more desirable than just its own scarcity. Surely one of the highest quality examples known today. Please call soon to reserve this beauty. . . . . 3,250.00  
1864 Proof (65/65) Another seldom encountered rare proof specimen. Few collectors requested proofs from the mint in these troubled years of the civil war. Multi-colored hues accent the surfaces. 470 pieces were coined as proofs. . . . . 3,250.00  
1867 Proof (65/65) A difficult date in the series in either proof or as a business strike. This piece displays rather deep, original tones over hairline free mirror-like surfaces. 625 were minted. . . . . 3,250.00  
1868 Proof (65/65) Splendid multicolored toning enhances this specimen. 600 proofs were coined and this is a lovely example. . . . . 3,250.00  
1869 Proof (65/65) The obverse is bright violet at the center and blends to deep sea green in the fields. The reverse is a delicate green color. This is a superlative example with hairline and defect free fields too! Another low mintage year (600 coins). . . . . 3,250.00  
1870 Proof (65/65) A pristine "trime" with delicate original patina. Few examples still remain this nice. . . . . 3,250.00  
1871 Proof (65/65) Mostly brilliant with frosted cameo-like devices amid mirrored fields. Just 960 were made. . . . . 3,250.00  
1872 Proof (65/65) Another virtually flawless example of this underrated type. Deep original toning on satin surfaces. . . . . 3,200.00  
1873 Proof (65/65) Last year of issue with a production of only 600 pieces. This coin is toned a deep sea green and rose combination and is far above average for the normal example found. . . . . 4,150.00

## HALF DIMES

1833 MS (65/65) A beautiful untoned specimen exhibiting deep mint frost and an unusually sharp strike. In fact, all of the stars are fully defined on the obverse. This piece will fit the nicest type set or bust half dime collection. . . . . 5,750.00

## HALF DIMES

1849/6 MS (65/65)	An interesting overdate with the remnant of the "6" clearly visible under the "9" of the date. Pleasingly lustrous with some golden patina on the obverse. Very scarcely seen in uncirculated condition.	3,250.00
1860 Proof (65/65)	Medium bluish-golden patina. Sharp and attractive. This was the first year of issue with the legend on the obverse. 1,000 were struck.	2,450.00
1862 Proof (65/65)	Blazing multicolored toning on the obverse gives this piece a rainbow like appearance. If the beautiful colors aren't enough, the mintage is a scant 550 coins, total. Surely, this is one of the finest collectible pieces available.	2,450.00
1864 Proof (65/65)	A very scarce dated half dime. Only 470 proofs were coined. Soft golden color on the obverse, while the reverse displays bright and beautiful peripheral colors of the rainbow.	2,950.00
1866 Proof (65/65)	Fully brilliant with a deep cameo-like appearance. Proofs which display frosted devices and lettering with contrasting reflective fields are currently one of our most sought after varieties. Also, this is considered a scarce year as only 725 proofs were made for collectors.	2,650.00
1867 Proof (65/65)	A bit of peripheral golden color. Deep lustrous surfaces with a knife-like wire edge, characteristic of proofs. Only 625 were made.	2,950.00
1873 Proof (65/65)	The final year for the Half Dime series. Predominately blue and gold colors accent this otherwise brilliant specimens. 600 proofs were struck.	2,850.00

## **SHIELD NICKELS**

1868 MS (65/65) Very sharply struck with just a bit of pale blue patina. An excellent type Shield Nickel. . . . . 1,950.00

1877 Proof (65/65) The key date of the Shield series. Of the estimated mintage of 500, most of the specimens we examine are problem coins that have either been harshly cleaned or display numerous carbon spots. Fortunately, this example has escaped both of these misfortunes and was carefully stored over the years. Of course, the prestigious ANACS Certificate accompanies this specimen to its new owner. Very reasonably priced at . . . . . 4,750.00

1879 Proof (67/67) Fully brilliant and untoned. It is doubtful that a finer example still exists. This piece is literally as nice as the day it was coined. . . . . 2,250.00

1882 Proof (65/65) Sharp and distinctive. A bit of golden patina has accumulated over the years. . . . . 1,850.00

1883 Proof (65/65) Brilliant with unusually deep mirrored fields for a proof nickel. A truly fine type Shield Nickel, the last year of the design. . . . . 1,850.00

1884 Proof (65/65) A glittering, untoned specimen without the normal detracting hairlines, spots etc. so commonly encountered. We guarantee this piece will please even the fussiest collector.

## LIBERTY NICKELS

1885 Proof (67/67)	We seriously doubt a finer '85 nickel exists! Very faint gold and blue colors. 1902 Proof (65/65)	Brilliant obverse, lightly toned reverse. For a fine type set.	1,350.00
1904 MS (65/65)	Deep frosty mint luster accents this well struck beauty. Completely untoned.	1,150.00
1905 Proof (65/67)	Sharp and attractive. Pale gold and blue patina. Free of the normally seen hairlines.	1,350.00
1910 Proof (65/65)	Nice original toning. This coin also exhibits an exceptionally high, sharp wire edge, as caused by the multiple strikes of the dies on proof coins.	1,350.00
1912-S MS (65/65)	This is a very seldom seen date indeed, but to find one that also has the ANACS Certificate with it is almost unheard of. This piece is an even deep gray color (as most are) with an extremely sharp strike. We have priced this rare date at a very fair level, so call us toll free to reserve it.	2,750.00
<b>BUFFALO NICKELS</b>		
1913 Proof (65/65)	Type one. Raised ground. A truly pristine example of this highly desirable one year type Buffalo Nickel coined in matte proof. Basically untoned except for a bit of pale golden patina, this is a textbook sample of matte proof coinage; razor sharp strike on bright but not polished surfaces, and a high, squared wire edge. Don't miss this elusive opportunity. Verified by ANACS as both a genuine matte proof, and for its beautiful condition..	5,950.00
1913-D MS (65/65)	Type one. Raised ground. Very light original toning over brilliant lustrous surfaces. Very sharply struck as well.	575.00

## SEATED DIMES

1858	Proof (65/65)	A very scarce proof issue, especially in this original, uncleaned state. It is estimated less than 100 were made, and only a handful remain which have escaped harsh cleaning or mishandling. Deep sea green toning accents this piece.	5,950.00
1859	MS (65/65)	Fully struck with an edge so sharp, it resembles that of a proof. An excellent example of the "stars of obverse" type Seated Dime. Moderate toning.	3,950.00

1871 Proof (67) Splashes of blue and violet toning grace the surfaces of this gem. An exquisite piece! .....	3,150.00	
1872 Proof (60) Attractive toning mitigates the adverse effect of light cabinet friction. ....	675.00

1873 Proof (65/65) Last year of issue with a production of only 600 pieces. This coin is toned a deep sea green and rose combination and is far above average for the normal example found. ANACS Certified. ....	3,450.00

Please don't hesitate to call one of our professional numismatists and reserve some select dates from this superb group.

Don't forget about our new extended hours. We'll be open till 8:30 p.m. on Mondays and on Saturday, we'll be here from 10:00 a.m. to 2:00 p.m. to help you with any of your numismatic needs.

Also, remember that the ANA is fast approaching, and as official Auctioneer for the Convention, we can report that the sale is over 75% full. Don't delay, and call Steve Ivy Numismatic Auctions today to reserve space for your consignment to the year's most prestigious sale.

# Washington Wire

by *Mike Wagner*

WASHINGTON — The Senate Finance Committee is now drawn into the budget battle as the month of April closes without action on a major tax bill.

As many of you know, the repeal of the Collectibles Provision is directly linked to the next major tax bill. Without a bill there will be no action on the repeal.

Congressional forecasters (including the law firm hired by the National Association of Numismatic Professionals, "NANP") now predict independent budget action by both the Senate and the House.

The Senate Finance Committee — where Senate sponsored tax legislation originates — will be responsible for writing a bill which should generate approximately \$25 billion in additional revenue. It is anticipated by the forecasters that a bill will be produced by the end of May. It is on this bill that the fortunes of the repeal of the Collectibles Provision will ride.

Hawaiian Residents — Senator Matsunaga of your state has just announced his opposition to the repeal of the Collectibles Provision. In an interview with the NASP (National Association of Stamp Dealers) Washington attorneys, Senator Matsunaga stated his opposition without explaining his reasoning.

This is the first "Nay" vote on the repeal

of the Collectibles Provision registered by the NANP. Many of the Key Senators on the Finance Committee are still uncommitted, while six affirmative votes are registered. Those in the affirmative are as follows: Moynihan (N.Y.), Bentzen (Tx.), Mitchell (Me.), Durenberger (Mn.), Symms (Id.), and Baucus (Mt.). Those still undecided are as follows: Dole (Ks.), Packwood (Or.), Roth (De.), Danforth (Mo.), Chafee (R.I.), Long (La.), Byrd (Va.), Heinz (Pa.), Wallop (Wy.), Armstrong (Co.), Grassley (Ia.), Boren (Ok.), and Bradley (N.J.).

Thanks are due to the hundreds who wrote recently to their Senators. However, there are many of you who have not yet written.

To change the law, your Senator — especially those listed above as undecided on the Senate Finance Committee — need to hear from you. Write and tell them : (1) you support the repeal of the Collectibles Provision as contained in S.1645; (2) it's your retirement and you want the freedom to choose your investment; (3) you want their active support of S.1645. Your Senator's address is: Senator (Senator's Name), U.S. Senate, Washington, D.C. 20510.

Action is now expected before the end of May. Please write today!

# UPDATE

THE IVY  
NUMISMATIC  
JOURNAL

July, 1982

Price \$1.00

Vol. II No. 6

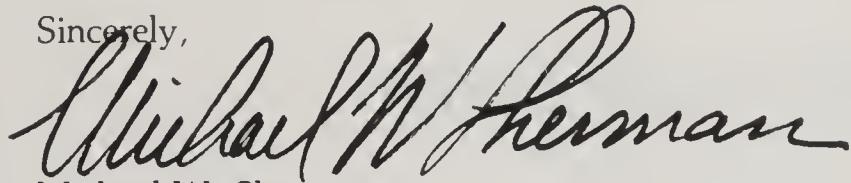

*Are you getting the best deal from your coin dealer?  
Yes, if you deal with Steve Ivy.*

Dear Customer:

Thank you for your excellent response to our June Update. The "Art of Negotiation" seems to have struck a responsive chord with many of you, since last month was our best so far this year. It's obvious that the buyer in today's market is looking for value, and the only real value in the coin market is an accurately graded coin at a fair market price. Since we're no longer letting list prices remain an obstacle to a fair transaction, the only issue which is still a factor is grading. And you don't get to be number one in the industry through loose and haphazard grading practices. We feel that our grading is the most consistent in the business today and offer our thousands of satisfied customers as proof of this claim.

Look through this Update carefully. We have been buying quite selectively over the past few months, and are confident that between our critical grading standards and flexible pricing policy, we'll be able to do some business. Give us a call today, and see how enjoyable numismatics can be once again.

Sincerely,

Michael W. Sherman

## BUST HALF DOLLARS

1829 7 MS (65) O-102a. (High R-3).	Deeply lustrous and extremely sharp. Exceedingly underrated in full Mint State and the finest of this variety known to us.	
1830 AU (55) O-101. (R-1).	Golden pastels atop choice surfaces.	180.00
1834 MS (65) O-105. Large date, small letters. (R-1).	Deep golden toning atop immaculate surfaces. Not as sharp as the last but, nonetheless, as nice an example of this type as we've sold in five years.	3,750.00
1836 MS (65) O-113a. (R-5).	Untoned. Beautifully centered with full milling visible. Well struck and frosty. Obvious obverse cracks as mentioned by Overton. A rare variety in an even rarer grade.	3,750.00

## LIBERTY SEATED HALVES

1843 MS (65)	Entrancing pastel hues grace choice surfaces. Very well struck. Quite scarce in Mint State.	3,750.00
1848 MS (65)	Similarly toned to the 1843 but with a deeper reverse. Very sharp with virtually perfect surfaces. This is one of the most underrated Seated Halves in any grade. In full Mint State, it is prohibitively rare. One of the most important Seated Halves to be sold this year.	3,750.00
1850 MS (65) Open 5; repunched date.	Semiprooflike with rose-grey centers and electric blue and lilac peripheries. An incredible strike not only for the date but for the type as well. A rare date in any grade; very rare in Mint State. This variety is excessively rare in any grade and, to the best of our knowledge, unique in strict Mint State.	4,250.00
1857 MS (65)	Amber-gold toning. Well struck.	3,750.00
1858 MS (65) "Extra Drapery."	An extra fold of drapery is visible at Ms. Liberty's kneecap. We have never seen this phenomenon on any 1858 Half Dollar. The coin itself is a rose-gold Gem with a full strike and choice surfaces. Rare and interesting.	3,750.00

1874 MS (65)	Arrows. A satin surfaced Gem. Graced by splendid medium-gold toning. Slightly flat at the head, but otherwise, well struck and very choice for this popular issue.	4,050.00
1877-S MS (65) Type One, partial drapery small S.	Cameo prooflike obverse; semiprooflike reverse. Flashy and a scarce variety	3,150.00

## LIBERTY SEATED HALVES

1890 MS (65) Prooflike	Very scarce	3,450.00
1891 MS (65)	In this writer's opinion, the 1891 is one of the most underrated of all Seated coins. It is in fact almost a rare in business strike state than the 1879-90 Halves. We proudly offer this fully struck golden Gem at a price that, quite soon, will appear ridiculously cheap.	2,950.00

Vol. II No. 7

*Are you getting the best deal from your coin dealer?  
Yes, if you deal with Steve Ivy.*

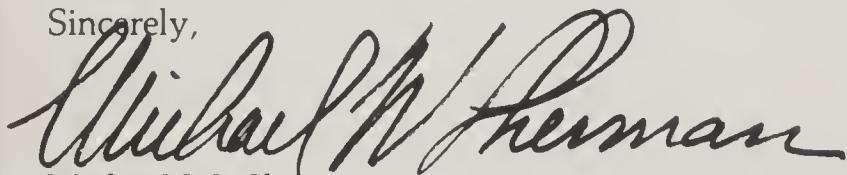

Dear Customer:

The response to our July Update was extremely favorable. Although other coin dealers are complaining about the traditional "summer doldrums," our stock continues to sell quickly. The "Art of Negotiation," with its opportunity for unsurpassed rare coin values, has gained a foothold amongst collectors everywhere.

By now, you should have received both of the 1982 A.N.A. Sale catalogs. We urge you to study the 3,500 lots closely as many superb coins are included.

We will, of course, be at Boston and hope to meet many of you. We will bring along a special selection of choice and rare coins for your inspection. If you can't attend, why not give us a call and let us help you locate those holes in your collection.

Sincerely,

Michael W. Sherman

1943-S MS (65)	60.00

## BUST HALF DOLLARS

1795 VG (8) Overton-117a. (High R-4). Steel grey. A nice coin for the grade with fewer marks than usual. Full details show. A very acceptable type coin.	625.00
1829 /7 MS (65) O-102a. (High R-3). Deeply lustrous and extremely sharp. Exceedingly underrated in full Mint State and the finest of this variety known to us.	3,950.00
1834 MS (65) O-105. Large date, small letters. (R-1). Deep golden toning atop immaculate surfaces. Not as sharp as the last but, nonetheless, as nice an example of this type as we've sold in five years.	3,750.00
1836 MS (65) O-113a. (R-5). Untoned. Beautifully centered with full milling visible. Well struck and frosty. Obvious obverse cracks as mentioned by Overton. A rare variety in an even rarer grade.	3,750.00

## LIBERTY SEATED HALVES

1843 MS (65) Entrancing pastel hues grace choice surfaces. Very well struck Quite scarce in Mint State	3,750.00
--	----------

## LIBERTY SEATED HALVES

1848 MS (65)	Similarly toned to the 1843 but with a deeper reverse. Very sharp with virtually perfect surfaces. This is one of the most underrated Seated Halves in any grade. In full Mint State, it is prohibitively rare. One of the most important Seated Halves to be sold this year.	3,750.00
1850 MS (65)	Open 5; repunched date. Semiprooflike with rose-grey centers and electric blue and lilac peripheries. An incredible strike not only for the date but for the type as well. A rare date in any grade; very rare in Mint State. This variety is excessively rare in any grade and, to the best of our knowledge, unique in strict Mint State.	4,250.00
1857 MS (65)	Amber-gold toning. Well struck.	3,750.00
1858 MS (65)	"Extra Drapery." An extra fold of drapery is visible at Ms. Liberty's kneecap. We have never seen this phenomenon on any 1858 Half Dollar. The coin itself is a rose-gold Gem with a full strike and choice surfaces. Rare and interesting.	3,750.00
1874 MS (65)	Arrows. A satin surfaced Gem. Graced by splendid medium-gold toning. Slightly flat at the head, but otherwise, well struck and very choice for this popular issue.	4,950.00
1877-S MS (65)	Type One, partial drapery, small S. Cameo prooflike obverse; semiprooflike reverse. Flashy and a scarce variety.	3,150.00
1890 MS (65)	Prooflike. Very scarce.	3,450.00
1891 MS (65)	In this writer's opinion, the 1891 is one of the most underrated of all Seated coins. It is, in fact, almost as rare in business strike state than the 1879-90 Halves. We proudly offer this fully struck, golden Gem at a price that, quite soon, will appear ridiculously cheap.	2,950.00

## BARBER HALVES

1894 Proof (65/65)	A cameo Gem with a lime obverse and a flecked mauve-brown reverse. ANACS certified.	2,750.00
1895 Proof (65)	Mind-boggling rainbow iridescence atop hairline-free surfaces.	2,550.00
1896 Proof (65)	Breathtaking obverse toning with a russet center framed by an indigo and sea-green periphery; mostly brilliant reverse. An original, uncleaned coin.	2,550.00
1900 Proof (65)	Even rose gold toning.	2,550.00
1900 Proof (65/65)	Citron-grey toning. ANACS certified.	2,750.00
1902 MS (65)		2,350.00

## BUST DOLLARS

1795 EF (45)	Bolender-1. (R-3). Medium grey with orange-gold undertones. A very clean example with no appreciable marks. An excellent strike with strong centers. This is a splendid type coin.	4,950.00
1797 AU (50)		6,750.00
1802 MS (65)	Bolender-6. (R-1). An incredible coin. Full cartwheel luster and a virtual full strike with full stars, hair and shield detail. Extremely clean fields. Full rims and dentils. Far and away the finest Bust Dollar we've ever owned and amongst the most spectacular examples of this type extant.	32,500.00

## LIBERTY SEATED DOLLARS

1855 Proof (63)	Steel-gold toning with swirls of iridescence beneath. Lovely undisturbed surfaces show no signs of prior mishandling. Although 50 or so survive, most are impaired. This choice example represents an unparalleled opportunity for the serious collector.	5,950.00
-----------------	---	----------

## LIBERTY SEATED DOLLARS

1857 MS (65) Deep dusky rose-grey atop somewhat prooflike fields. Typical weakness of strike on Ms. Liberty's head, but fairly well struck for this usually soft date. Scarce in all grades but a true rarity in Mint State. This splendid coin is high in the Condition Census.	7,950.00
1870 Proof (65)	4,900.00

## TRADE DOLLARS

1875-CC MS (65) Superb satin surfaces below dusky rose-gold and peacock toning. Very sharp obverse; the reverse displays diagnostic striking weakness on the eagle's right leg. The nicest 75-CC Trade we've owned and a legitimate scarcity in this grade.	4,950.00
---	----------

1881 Proof (65) Intense obverse splash-toning; untoned cameo reverse. An original Gem example recently exhumed from an estate and offered to the public for the first time. Proof Trade Dollars of this quality are, indeed, a rare item.	4,250.00
---	----------

1882 Proof (65) Apricot splashes on the obverse; cameo "black and white" reverse. A gorgeous original Gem devoid of any and all hairlines. Scarce.	4,250.00

---	----------

1899 Proof (67) Superb! Rose-grey centers framed by sea-green, lavender and electric blue peripheries. Simply magnificent.	3,350.00

## U.S. COMMEMORATIVES

### Mint State (65)

This is an uncirculated coin which has a strong strike for the issue and a minimum number of bagmarks. These coins will have full brilliance, but may be naturally toned. Commemoratives are seldom found any better than this. In short, coins which meet this grade are the finest quality available on the market.

## LIBERTY SEATED DIMES

1900 Proof (67) Superb! Extremely deep obverse fields are mostly concealed by splashes of deep rainbow toning. The reverse tends more to purple.	1,500.00
1900-S Proof (67) Specimen strike. This coin was recently purchased from a Northern California estate. The owner of the estate had Mint connections and, possibly, had this coin struck especially for him. It easily meets all of the criteria for a Proof coin: high, squared rims, continuous brilliant finish and intensity of strike. Further support is lent by the presence of numerous intersecting die engraver's lines which indicate that this is one of the first pieces off the particular dies employed to strike Dimes in San Francisco for the year 1900. The cause for striking this coin is obvious: a new century had begun. The coin itself is superb. It is beautifully toned and has lain untouched in a vault since 1900. Presently unique; and no rumor of another. An incredible opportunity.	3,950.00

## GOLD DOLLARS

1849 MS (65) Type 1: Small head, no "L" on truncation. Late die state with heavy reverse cracks. Glittering fields display a trace of greenish tone. Some light reverse striations as always. Breen claims only 1,000 were struck; we think the actual figure is around 2,500. A rare coin in Mint State and an important, distinct type. .5,150.00

1849-C AU (50) Closed wreath. Prooflike. Struck in green-gold. A rare date in any grade, the 1849-C becomes especially tough in EF or better. This is an unusually clean example with lovely surfaces and a surprisingly sharp strike. This is the finest piece to be sold since the Paramount 7/81 "AU." .995.00

1851 MS (65) Thin stars and wreath. Deep orange-gold. Fully struck and exceedingly clean. A nice type coin. .3,950.00

1851-C AU (50) Recut stars and mintmark. Unusual yellow-gold patina. Not much luster is present but there is wear visible only at the highest spots. Additionally, the coin is especially clean and attractive. An affordable Charlotte Gold Dollar. .950.00

1852 MS (63) Thin date and wreath. Very choice for the grade with only a few trivial marks below the bust keeping this from the "65" level. .1,100.00

1852 MS (65) Thin wreath, heavy 2 in date. Deep luster complimented by coppery-orange toning. No clashmarks or other distractions. We couldn't imagine a finer type coin. .3,950.00

1852-C MS (60) Semiprooflike with pleasing deep yellow and green overtones. One of the sharpest 1852-C Gold Dollars we've seen; far more so than the Akers plate coin. Rare in Mint State than believed; the two dozen or so auction appearances in Akers may represent as few as 6-8 coins. 2,100.00

## GOLD DOLLARS

1853-C EF (45) Heavily recut letters. Typical green-gold color. Struck on a very attractive planchet. The only defect we note is a tiny flaw above MER. This and the other Charlotte Gold Dollars in this listing are remarkably clean coins. Choice for the grade with evident luster. Under-rated in high grades.	650.00
1854 MS (68) Wonder Coin! A remarkable Type One Gold Dollar. This piece literally screams with luster, is razor sharp, possesses a scintillating rich orange-gold color and shows nary a mark upon its satiny surfaces. As fine a Type One as imaginable. .5,750.00	
1874 MS (65) Without LIBERTY, lower date. Clean, colorful and attractive. A bit weak at the centers but choice for the date, grade and type. .3,450.00	
1880 MS (68) Wonder Coin! 1,636 minted. It is well known that the Brands extensively hoarded this date and it is not especially scarce in Mint State. But this quality is never found on an 1880 Gold Dollar. The reverse is perfect with amazing satin surfaces and gorgeous color. The obverse shows a toning spot on the headdress and another behind the head. Visually, a breathtaking piece. .5,450.00	
1882 MS (63) Prooflike with greenish-orange toning. .1,150.00	
1889 MS (65) Attractive pinkish-green tone atop satin surfaces. Fully struck and lustrous. A nice Type Three type coin. .3,450.00	

## QUARTER EAGLES

1845 MS (63) Breen-4. Obverse and reverse cracks as described. (R-5). A virtual full strike and legitimately scarce as such. Somewhat prooflike surfaces show minimal marks and are toned to a mustard yellow hue. .2,450.00
1869 MS (60) Prooflike. Orange toning is present about the devices. Light obverse and reverse marks but very choice for the grade. Very scarce in Mint State; we feel this is a legitimate high R-6 if not an R-7. .2,750.00
1894 Proof (67) Superb! Breen-1. 122 minted. This two-tone Gem is one of the finest Proof Quarter Eagles we've ever seen. The glittering surfaces are pristine. The reverse is very close to a full "70" with no marks of any kind. Awesome. .8,250.00
1898 MS (68) Wonder Coin! Very deep orange toning at the peripheries. Unbraided satin surfaces. Full strike. A scarce and decidedly underrated date in any condition. .2,650.00
1904 MS (67) Superb! Satin surfaces. .1,850.00

1909 MS (65)	1,950.00
1914-D MS (63) Scarce.	675.00

1929 MS (67) Superb!	1,950.00

## THREE DOLLAR GOLD

1863 EF (45) Lustrous. Struck from clashed dies. Diagnostic knife-rim on the obverse. A most pleasing example of this popular Civil War date with splashes of orange and green toning. As Akers rightfully claims, this date is not the great rarity it was once claimed to be. However, it is very scarce in all grades and it is especially difficult to find in such a pleasing, defect-free state as this.	1,150.00
--	----------

## HALF EAGLES

1859-C MS (63) Struck from worn dies. A problematical coin. Although no wear is evident, the reverse die has left the coin with a blurry, somewhat indistinct reverse. Even though the reverse is weak, it is probably twice as strong as the average 1895-C Half Eagle. Very possibly the finest known.	4,950.00
1900 MS (65)	2,350.00
1901 MS (63)	525.00
1901-S MS (63)	525.00
1901-S MS (68) Wonder Coin! Unblemished matte-like surfaces with splendid green toning.	3,350.00
1902 MS (63)	525.00
1905 Proof (65) Breen-1; recut top of the 5. 108 struck. Possibly 50 survive but many are unimpaired. Extraordinarily deep fields. No obverse contrast, though. A Gem coin which might be called a "67" (or better) save for a tiny mark on the obverse rim at 9:00.	5,750.00
1907 MS (63)	525.00
1908 MS (63) Liberty.	525.00
1915 MS (63)	1,075.00

## EAGLES

1853 AU (58) Normal date. Fully lustrous with a pleasing yellow gold color. Sharply struck. Minimal contact marks are more obvious on the obverse than the reverse. These marks, however, are far less detracting than on other similarly graded pieces we've seen. Extremely underrated in this grade as accurately hypothesized by Akers.	775.00
1883-CC MS (63) Filled mintmark. Fully prooflike with a cameo obverse. Some stray marks are magnified by the depth of the fields but are not excessive. High R-7 if not R-8 in Mint State. We feel certain that this is one of the two finest known.	1,750.00
1894 MS (63)	750.00

1870 Proof (65) J-910. The Standard Silver design; diademed head. Aluminum. R.E. (R-6). Fully brilliant. Absolutely none of the defects always found on Aluminum patterns and very desirable as such.	1,250.00

## U.S. COMMEMORATIVES

### Mint State (65)

This is an uncirculated coin which has a strong strike for the issue and a minimum number of bagmarks. These coins will have full brilliance, but may be naturally toned. Commemoratives are seldom found any better than this. In short, coins which meet this grade are the finest quality available on the market.

# An Exceptional Offering of 1904 Double Eagles

Liberty Head Double Eagles were issued from 1850 until 1907. In grades up to and including Mint State (63), they are relatively common. However, in superb condition these coins are extremely scarce.

On a recent buying trip to Europe, Steve Ivy was given the opportunity to examine a Swiss Bank's hoard of 1904 Double Eagles. Ivy, president of Steve Ivy Rare Coin Company, was astonished at the quality of the coins included in the bank's holdings. After intensive negotiations, he was able to select the finest examples. The coins he returned with were among the finest Double Eagles he had ever seen.

Liberty Head Double Eagles of this quality offer the prudent investor a most enviable position. Double Eagles contain nearly a full ounce of gold. Additionally, Gem specimens are avidly sought by numismatists. In the September 23, 1977 issue of the "Coin Dealer Newsletter," Mint State (65) Type Three Double Eagles were bid at \$265. In the September 24, 1982 issue, bid level had climbed to \$1,750. This represented an annual rate of appreciation totalling 45.8%. During the same time period, gold bullion had climbed from \$152 to \$426.50. This represented an annual rate of appreciation totalling 22.9%. Thus, Gem Type Three Double Eagles outperformed gold bullion by nearly 23%.

Besides the obvious advantages of converting paper dollars into gold, Gem quality Double Eagles are numismatically popular. Collectors have traditionally pursued this type with an intense fervor. We are constantly amazed at the prices realized by the true Gem examples which we sell at our public auctions.

Every coin in this offering is original, uncleaned, fully struck and lustrous. 78 years of protected existence in a Swiss Bank vault has given these coins the chance to take on an alluring patina. The result is a grouping which is uniformly magnificent yet individually charismatic.

We feel that these coins represent one of the finest investment opportunities on today's marketplace. We urge you to act soon as these coins are certain to sell quickly. Call us on our toll-free WATS line (1-800-527-9250) and one of our professional numismatists will take your order. We accept MasterCard, VISA and American Express. Lay-away plans are also available. Our coins are priced as follows:

**Mint State (65) — \$1,650.00.** This is a coin which will display a few very trivial marks but will still be nicer than 98% of its counterparts. **Five pieces for \$7,500.00.**

**Mint State (67) — \$1,950.00.** This is a coin which is exceptionally clean and lustrous. Its color and luster will give it considerable eye appeal.

**Mint State (68) — \$2,750.00.** This is a virtually perfect coin with intense luster and unusual color. Only a very few are available.
